

EC Brighton Homestay

Many students choose to stay in host family accommodation as it gives them the opportunity to become a member of the family and generally learn about the British way of life and most of all, a daily opportunity to practise their English.

Description of Local Area

Students can enjoy the funky mix of traditional seaside shops and artists' studios whilst the Fishing Quarter offers its very own museum, modern art trail and Artists' Quarter. There are numerous trendy bars and whether you are after an award winning cuisine, veggie treats or a tasty beachfront brunch or simply a delicious cheap meal out, Brighton is bursting at the seams with every type of international cuisine on the menu.

Description of Accommodation

Students can choose between twin and single room accommodation. For those students choosing twin room accommodation they can expect to be placed with a student of a different nationality or they can choose to share with a friend. Each room will provide the student with storage space for clothes, a chair and desk (if not in the bedroom students will be able to use a designated area for studying) as well as good lighting, mirror, waste paper bin. Bed linen and towels are provided by the host family and they will also offer students one clothes wash per week and anything extra is at the discretion of the host family. Drying and ironing facilities will be made available to the student.

Whilst staying in a host family students will have access to communal rooms such as the lounge, dining area and kitchen although most students will not be able to use the cooking facilities and each family will advise the student on what a student has access to in the kitchen. Bathrooms will be shared with the host family.

Booking a superior homestay enables a student to have their own bathroom which will either be en-suite to the bedroom or located outside the bedroom however these facilities will be for the sole use of the student during their stay.
