Our Educational Philosophy

Curriculum manager at EC

Our Educational Philosophy

Our 6 Pillars of Academics

01

Our Vision

To help students succeed in a global community

Academically this means we work with our students to improve their **communicative competence**, ensuring they have the language, the confidence and the skills to interact with other English speakers from all backgrounds and capabilities. We have built our courses, our support and our schools to ensure our students are **not just learning English but learning to communicate effectively**.

02

Our Course Development

Research-based and data driven

We believe in **continuous innovation** and have made research a cornerstone of the ongoing process of review and development. This informs all aspects of academic management from our curriculum, to support, to teacher training. Our team is dedicated to your academic success.

We believe that assessment should primarily be a formative process, a true reflection of a student's capabilities which informs them on their learning needs and successes.

We aim to show progress on a
Daily
Weekly
Monthly basis
and at the end of the course.

04

Our Assessment

Formative, personalised and relevant.

We are committed to putting students at the centre of their learning and engaging them in a visible process to **build their learning, cultural awareness and their language skills**.

By building their learning skills (peer feedback, reflection, goal setting and discussing success), students attain a lifelong benefit, enabling them to take advantage of all learning opportunities they encounter.

03

Our Methodology

The communicative approach –
The EC Way

05

Our Consistency

Company-wide standards and training

To ensure consistency in learning experience and support:

- All Directors of Studies are inducted and trained in EC policies and procedures.
- All teachers receive the same induction to the Communicative Approach the EC way. They are assigned training modules based on their individual needs.
- All teachers are observed regularly.
- All our schools are committed to the continuous professional development of the academic team.
- All schools are audited once a year by a member of the senior management team.
- All schools are accredited by an external accreditation body.

06

EC Promise

Students' progress is visible and guaranteed

We've been gathering and monitoring learning data since 2016, so when we say the average EC student completes a level in 8 weeks, we know its true. This data has been used to inform our promise.

We promise that if students do not progress every 8 weeks, we will give them all the support they need.

Our teachers give weekly scores to their students. Our dashboards allow us to monitor these scores and identify support needs.

We promise you will progress when

You attend **96%** of your classes

You complete at least **three homework** assignments per week, with an average score of **9/10**

You participate in lessons, with an average score of **9/10** for **participation and motivation**

Progress 8 weeks per level at EC

*Equivalent

A1

Beginner

You have a very basic knowledge of vocabulary and simple grammatical structure. You can invite someone somewhere and talk about your past.

A2

Elementary

You understand most conversations spoken slowly and clearly. You can give someone simple directions on the street.

B1

Pre-intermediate

You speak fairly easily on everyday matters. You can explain what you need from service providers.

B1+

Intermediate

You can communicate easily on everyday matters but have a limited range of expression. You can have a conversation on the telephone.

B2

Upper-intermediate

You can use the language with some confidence but with noticeable lapses in accuracy and fluency. You can give a short business presentation in English.

B2+

Pre-advanced

You can use the language with confidence. You can read English newspapers, follow TV news and apply for an English-speaking job.

C1

Advanced

With a good command of English, you can read and write accurately with few errors. You can understand most academic texts and lectures.

C2

Proficiency

You have near-full command of the language. You can use industry terms for your field of study.

What happens in an EC classroom

Classes begin with an **real-life lesson objective**.

Throughout the lesson students **learn the skills and language** they need to achieve this objective.

At the end of the lesson students carry out a task that mirrors the lesson objective, and brings everything they've learnt together.

Receive feedback from your classmates and teacher so you know what you've achieved and what you need to continue working on

Powered by

EC has partnered with National Geographic Learning (NGL) since 2017. We chose to work with NGL not just because of their exceptional materials but because their goal, to bring the world to the classroom and the classroom to life, is so closely aligned with our own vision.

EC's Product Team works closely with NGL, regularly piloting or offering feedback on new materials. They often meet with the editorial teams of their titles to discuss the direction their coursebooks, meaning EC is **"not just reacting to materials given but informing what those materials are"** Michael Cummings 2023 (National Geographic Learning, Business Development Manager – UK, Europe, Africa & Central Asia.

Insurance

with [guard.me](https://www.guard.me)

Depending on your choice of destination certain requirements for **insurance coverage are required by law**, even if you choose not to take EC's insurance option, in most cases you must organise private health insurance in order to get a visa and to study in your chosen destination.

Enrolment is extremely easy and can be done at the same time as booking your course through EC.

You will receive your policy information prior to beginning your course, and all detailed information will be sent to you in case of requirement for visa applications.

For information regarding levels of coverage, please speak to your **EC representative**.

For further details, plus Terms and Conditions, please visit: www.guard.me

Feel protected and secure with our special insurance policies.
